

K-12 Programs Documentation of Continuing Eligibility

State law requires the State Education Assistance Authority (SEAA) to confirm a student's continuing eligibility for the Disability Grant and/or the Education Savings Account programs (Programs) at least every three years. The date of initial eligibility is the date of the public school system's DEC3 Eligibility Determination (DEC3) issued by the Individualized Education Program (IEP) team. Tracking of the three-year cycle begins with this date.

One of the following processes must document continuing eligibility for the student every three years in order for the student to remain eligible for one or both of the programs. Neither program requires medical records or educational test results however; families must submit one of the two documents outlined below:

- The local public school system assesses the student to determine if the student continues to be a child with a disability. The public school then verifies the outcome via the DEC3 issued by the IEP team at the time of the reevaluation; OR
- 2. A North Carolina Licensed Psychologist with a school psychology focus or a North Carolina Licensed Psychiatrist assesses the student and completes this form.

To be completed by the psychologist or psychiatrist:	
Student Name (printed)	Student Birthdate
I certify that I have reviewed appropriate medical and education and related services recessetting have improved the child's educational performance, from placement in the nonpublic school setting.	eived by the student in the nonpublic school and that the child will continue to benefit
I certify that I am a psychologist with a school psychology for North Carolina. I further certify that I have the knowledge a render the foregoing certification. I am licensed and in good governing my profession.	nd expertise to make the assessment and
Psychologist/Psychiatrist name (printed)	Date
Psychologist/Psychiatrist name (signature)	Licensed Number
