

FTNC Current Announcements

This program has been repealed effective July 2011. Funding for 2010-11 will be limited to college seniors who will graduate at the end of the 2010-11 academic year.

Current Recipients

Spring semester funding will be disbursed by SEAA to the colleges and universities in January. Please check your Current Year Award on your SEAA Student Portal to review and confirm your award amount and disbursement. If you have further questions or concerns regarding your disbursement, contact your financial aid office for more information.

Reminder: Spring funding is not contingent upon fall grades; please do not send in a transcript at the end of your fall semester. **Current recipients will be able to renew for the 2010-11 academic year in May 2010.**

Email is the official form of communication between the Future Teachers of North Carolina Program and the applicant. It is strongly recommended that applicants and recipients keep their contact information up to date on the SEAA Student Portal.

Graduates

If you have graduated, send an official transcript that shows the awarded degree and date of graduation and a [Request for Cancellation through Service form](#) to cancel their loan through serving the state of North Carolina as a teacher. Graduating recipients may also contact the Repayment Services department to obtain a Repayment Agreement to repay their loan monetarily. Those who have received the maximum amount of funding but have not finished their studies and are carrying 12 credit hours per semester may submit a [Request for Postponement of Payment](#) and an [Enrollment Status Verification Form](#).

Questions – Please visit the SEAA Student Portal at <https://www.cfnc.org/seaastudent> to check your funding or document status. If you have additional questions, you may reach us at (800) 700-1775, option 1 or in the Raleigh-Durham area (919) 549-8614.

Announcement Date: December 18, 2009
