- any licensed hospital or nursing home within the state excluding federal facilities; or,
- any State or local public health department or nonprofit community primary care program or [pre-approved practice site](#).

**Service Application Process:** A borrower must file an [Application for Proposed Practice Location form](#) in order to apply for practice site approval. A practice site must be approved by the SEAA in order to qualify for service cancellation. The practice site must serve Medicare and Medicaid patients as well as the indigent and accept payment under these programs (Titles XVII and XIX of the Social Security Act) in order to qualify for practice site approval. Completed forms or questions concerning the application process should be directed to the address and telephone number below:
