K12 PROGRAMS: UPDATE FOR NONPUBLIC SCHOOLS

Recipient Certification for Opportunity and Disabilities:

- If you realize that your school has certified a student incorrectly, email Opportunity or Disabilities for instructions. Recipient Certification explanations can be found here and here. Do not ask a parent to sign an incorrect Endorsement Form.

- For students who are recipients in both programs, there will be a delay if a school provides conflicting information for tuition and fees. Conflicting information must be resolved before an Endorsement Form is created. Other explanations regarding students as recipients in both programs can be found here.

Opportunity Scholarship: 2015-16 applications and awards continue
Interested Applicant lists will continue to be generated as we offer Scholarships for the current school year (2015-16). We expect to make Scholarship offers early in January, and again late in January. The current year Opportunity application will close on January 31.

Disabilities Grant: Has your school registered?
Click here to see a current list of participating schools if you are not sure. Students who have been awarded a Disabilities Grant must attend a participating school in order to benefit from the grant (for tuition expense) which was awarded to them.

Next semester: Spring semester 2016

- Students who will begin at your school with the second semester (spring 2016) will need to be certified. This process will not happen via the portal. SEAA will email instructions the week of January 4 regarding certification for students who will enroll beginning with the spring semester. Note that the Opportunity Scholarship has a semester maximum of $2,100.

- Spring semester Endorsement forms for both Opportunity and Disabilities will begin to be available the week of January 19. Students who were certified in the fall and who continue at the same school do not need to be certified again. Spring semester process: Recipient Certification (if necessary) → Endorsement Forms → Disbursement

Next year: Application calendars for 2016-17

- The Opportunity Scholarship 2016-17 school year application will open on February 1. Priority deadline is March 1. Eligible applicants who apply between February 1 and March 1 participate in the lottery. The application remains open until funds are exhausted.

- The Disabilities Grant 2016-17 school year application will open on May 1. There is no lottery for this program, thus no priority deadline. The application remains open until funds are exhausted.
