NURSE SCHOLARS SCHOLARSHIP-LOAN PROGRAM

DEFERMENT

A deferment is a period in which service or cash repayment of a loan is postponed or delayed. Although payments are not due during a deferment period, interest at the rate of ten percent (10%) per annum will continue to accrue on the outstanding principal balance of your scholarship-loan. Each approved period of deferment will extend the NSP repayment period by the length of the deferment. A borrower may apply for deferment by completing and returning a Postponement Request Form to the SEAA for approval.

What circumstances qualify for deferment under the NSP scholarship-loan program?

Authorized deferments include the following:

- personal illness for a period not to exceed twelve (12) months per each occurrence;

- family medical leave, which includes maternity or paternity leave upon the birth or adoption of a child or leave to provide necessary care for an immediate family member who is sick or disabled for a period not to exceed twelve (12) months per occurrence;

- unemployment during any period of time not to exceed twelve (12) months per each occurrence while a borrower is conscientiously seeking and unable to obtain qualified employment; and

- full-time enrollment at an accredited postsecondary institution located within the United States for a period not to exceed twelve (12) months.

- a member of the National Guard or a reserve component who is ordered to report for military service as that term is defined in 50 U.S.C.S.Appx 511(2); and

- residing in or employed in an area that is a major disaster area as that term is defined in 42 U.S.C. 5204(2).
How do I apply for a deferment?

You must complete a Postponement Request Form and return it to the SEAA for approval. You are responsible for submitting your deferment request, along with the required documentation, before your account becomes past due. If your account is in a cash repayment status, you should continue to remit cash payments until your deferment request is approved.

Does interest accrue during an approved deferment period?

Yes. Interest at the annual rate of ten percent (10%) per annum continues to accrue during an approved period of deferment.

Can I apply for a student deferment if I am enrolled as less than a full-time student?

No. You must be enrolled as a full-time student in order to qualify for a student deferment.

What if my status changes before my approved deferment expires?

If your status changes prior to the expiration of an approved deferment, you must notify the SEAA of the status change.
