Current List of Nonpublic Schools

Resources exist that may assist you in choosing a school:

1. North Carolina's [Division of Nonpublic Education](http://www.ncseaa.edu) registers and monitors nonpublic schools in the State in accordance with State statutes.

2. Parents for Educational Freedom (PEFNC) is an organization that serves as a resource to help families locate participating schools. PEFNC offers a location-based web service that generates lists of schools by address and zip code based on the individual information you provide. You can access their service, [NC SchoolsNearMe](http://www.ncestaa.org), to get a customized list of the schools closest to you.

(These resources are not affiliated with SEAA or the K12 Programs.)
Can a student attend a public school and a nonpublic school with the help of ESA funds?
Attending a public school part-time

Students who attend a public school part-time may benefit from the ESA for the cost of the part-time nonpublic school IF:

Categories of expenses

Tuition

Parents pay for tuition with an electronic transfer from the account linked to the student’s ESA funds.

Schools must be registered with North Carolina’s Division of Nonpublic Education (DNPE) and with SEAA.

Note that parents may not pay for tuition at schools which are not registered with DNPE, or which are registered with DNPE but choose not to register with SEAA for the ESA Program.
Categories of expenses

Families may also use ESA funds for the following expenses:

Tutoring and teaching services from a provider qualified according to requirements set by the ESA Program, including accreditation by a State, regional or national organization.

Educational therapies provided by a practitioner who holds a license that meets the requirements set by the ESA Program, including accreditation by a State, regional or national organization.
