

The Education Savings Account (ESA) and Disabilities Grant (DGrants) programs have reviewed the credentials of the following providers solely for the purposes of determining whether the practitioner holds a license that meets the requirements of the ESA and DGrants programs, including accreditation by a State, regional or national organization that is acceptable to the Authority. Approved ESA providers are able to register with ClassWallet, a vendor providing electronic account management services for ESA families. DGrants families will pay approved providers out-of-pocket at the time of service, then will submit receipts for reimbursement at the end of each of semester. The ESA and DGrants programs review of the provider credentials does not constitute a recommendation or assurance of provider quality, nor any assurance of the provider suitability for any particular student. Parents should vet the providers carefully before using ESA and DGrants funds to pay for services.
