   • Certification and endorsement
   • Part-time enrollment
   • Withdrawal policy
Stakeholder Responsibilities
SEAA Responsibilities

- Administers the K12 Programs in accordance with North Carolina law
- Manages student applications and new school registration
- Maintains student and school records
- Disburses funding to schools on behalf of students
- Collects required documents from schools and families
- Ensures compliance with program policies
Parent Responsibilities

• Applies or renews
• Manages *all processes* related to the student record in MyPortal
• Accepts award
• Submits verification documents
• Works directly with school to enroll students
• Endorses award twice per school year
School Responsibilities

• Manages program rosters and advises SEAA of missing students
• Certifies students (attending or not)
• Endorses student funds
• Applies funds to student accounts
• Reconciles accounts
• Notifies SEAA of student withdrawals
• Refunds to SEAA as necessary
• Administers standardized tests
  • Submits a copy of results to SEAA
  • Provides parents with test results
• Manages student enrollment
Responsibilities: Reminders for Schools

Under no circumstances should a school:

• Create a MyPortal account on behalf of a family
• Access a MyPortal account using a family’s credentials
• Complete program processes on behalf of a family

These actions represent a conflict of interest.

Neither can schools email SEAA to correct a student’s application, request reinstatement of an award offer, or a change in school choice.

Changes to a student record must be initiated by the parent; either independently in MyPortal or via email to program staff.
Responsibilities: How Schools Can Help Parents

• Offer access to a school computer for parents to log into MyPortal

• Provide translation services to parents

• Help parents understand their program responsibilities

• Connect new parents with experienced K12 Program families

Best Practices
Best Practices - Policies

Schools should have written policies for:

- tuition payments (amounts & timing)
- what happens if a parent does not endorse funds
- student withdrawals

Schools should communicate those policies to parents clearly, and before the school year begins.
Best Practices – Annual Requirements

1. Tuition and fee schedule
2. Test scores for Program recipients in grades 3 and higher
3. Graduation data for 12th grade students
4. Financial review (if required)
Compliance: Certification and Endorsement

• Schools are expected to certify all students on their roster, even if a student is not attending.

• There should be a direct correlation between the standard cost a school certifies and the costs listed on the tuition and fee schedule submitted to SEAA.

• Under no circumstances should a school endorse funding for a student who is not enrolled.

• Endorsing “No” is not a substitute for a withdrawal form.
Compliance: Allowable Fees

Schools cannot charge tuition at a different rate, or charge additional fees, based on the status of a student as a K12 Scholarship recipient.

Fees which will be paid by the K12 Programs must be fees that are required of all students.

Further, fees to be paid by K12 Scholarship funding must be clearly itemized on the Tuition and Fee Schedule submitted to SEAA.
Compliance: Correcting Errors

Reconcile your deposits immediately. Notify SEAA of any errors ASAP.

If you have made an error in certifying student costs, SEAA staff will assist you in correcting what you originally reported for required tuition and fees.

NOTE: There is no guarantee of additional funding being disbursed to your school if you have made errors in reporting student costs.

It is important to verify the amount of student awards before endorsement.
Compliance: Part-Time Enrollment

• **Schools are expected to know** which of their students are enrolled part-time, and in what other school the student is co-enrolled.

• If students are enrolled at your school part-time, they must be co-enrolled in another eligible school. Students cannot be enrolled part-time at one school and have no co-enrollment.

• Opportunity Scholarship students may **not be co-enrolled at a homeschool** and benefit from Opportunity Scholarship funding.
Compliance: Withdrawals

• Schools must submit a withdrawal form within 10 days after a student stops attending or withdraws.

• If a refund is owed, SEAA must receive the funds no later than 30 days from the student’s last day of attendance.

• The withdrawal form is a program requirement. Schools cannot withhold a withdrawal form due to a dispute with the family.
Compliance: Reconciling Records

Schools must apply Program funds to student accounts within 10 days of deposits.

You should be able to identify the student recipients at your school. **Reconcile your student accounts and ask about funds not disbursed in a timely manner.**

- Families may be unaware that Scholarship program requirements are incomplete. When schools ask for funds from the family *months* after the start of the academic year, student funding may be at risk.
- Schools cannot receive funds from SEAA near the end of the fiscal year. Schools risk losing funds.
Failure to comply with SEAA policies and deadlines may result in:

- Limited access to MyPortal functions (delayed payments)
- A hold on the school’s account, preventing disbursements from SEAA (no payments)
- Deactivation of the school’s MyPortal account
- School placed on a probationary period for additional monitoring
- School participation with K12 Programs revoked
